

## **WE ARE VALUED IN GOD PRAYER**

We thank You dear Jesus that our worth is in You and not in the world. If the whole world decided that we were worthless, it would not change our essential value because we are made in Your image Father and we have the nature of the unchanging God Himself. We, Your Believers, are valued in Your sight; our value is tied to God now and forever. I love that our value was written in Jesus' blood at the cross, and whatever He values is valuable. What a precious thought that is and it sustains me through countless difficult situations. We can accept ourselves because God has accepted us. We are like beautiful diamonds that God has polished and cut and made of great use for His glory. In the raw, we are as nothing, the value is there, but it must be brought forth to be of any use; our Jesus does just that when we accept Him as our Lord and Master and we become part of the Kingdom of Light.

We know Lord that we become like what we worship. And we know that nothing less than the fear of the Lord is the beginning of wisdom. May Your daughter's thoughts be ever turned toward You and the worship of Your Son, Jesus. May we treat others Father as You have treated us; with dignity, love and giving us true value as Your daughters. Let us treat those discouraged ones with the same dignity that you have given us. Let us treat those discouraged ones with dignity and affirm their value and worth. Let us do whatever necessary to make them feel special, wanted and valuable. Let us not look to the hurts we have been caused, but to let them go and give them all to You Jesus, and as we affirm the value of others, we are reaffirmed in Your love.

Lord Jesus, we pray that you will help us to continuously check our tone of voice when we speak. Help us to release from ourselves any contempt for others, any complaints, the whine and to remember that communication is in tone of the voice; so may our tone be tempered with Your tone; soothing, loving and aimed to produced good works. Let us be a sweet sound in the ears of others. Sweet or sour? Negative or positive? Caring or caustic? Constructive or destructive? We have the choice to make. Help us to make the choices that will please you and bless others. Did not God Himself tell us to value the meek and quiet spirit in 1 Peter 3? Our inner beauty is produced by the Spirit of God and we are determined to shine forth in love for all to see. This is our prayer today Father. Therefore, may our hearts honor You and may our words praise You and may our lives bring You pleasure. In Jesus' name. Amen!
